

Wedding Registry Checklist

Here are the kitchen tools and entertaining goods mentioned and recommended throughout this book, all in one place for you to reference as you put together your wedding registry. When considering which gifts you'd be thrilled to receive, you and your fiancé(e) should first take stock of what you already own. Customize the following checklist by crossing off anything you have or won't need, and feel free to add additional items to "My Checklist," opposite. The tools and goods are grouped together by category and, within each category, the items are listed in order of importance. If you're curious about what to look for when selecting kitchen equipment and tools, see pages 13 to 17. For more information about setting the table, see pages 54 to 55, and for more about stocking your home bar, see pages 108 to 111.
